relax, you have a home warranty with

Here's how it works:

When is my Home Warranty Service Agreement active?

Buyer coverage begins at the close of sale and continues for one year from that date, and is renewable annually at our option. A Service Agreement with coverage details will be sent to the mailing address provided for the buyer, or if "Go Green" is selected, information will be sent electronically. Payment is due at close of sale and must be received within ten working days in order for coverage to be in force. Seller coverage is for the listing period and begins immediately upon enrollment continuing up to 180 days, until close of sale, listing is cancelled or listing coverage has reached expiration, whichever occurs first.

How do I request service?

Contact us at **2-10.com** or **800.775.4736**, 24 hours a day, 7 days a week to request service. We will assign an authorized, independent service contractor to handle your eligible repairs. A service contractor will schedule a time during normal business hours to diagnose and repair your covered item; under normal circumstances, our service effort will be initiated within 48 hours. In cases of emergency, we will expedite service and attempt to initiate service within 24 hours. An emergency is generally defined as a service issue resulting in: 1) no electricity, gas, water or toilet facilities to the entire home; 2) a system malfunction that causes ongoing damage to the home; 3) a condition that immediately endangers health and safety.

2-10 HBW... the best in the business.

Who pays what?

A service request must be received by us during the Service Agreement period. **2-10 HBW will pay or reimburse you for costs that have been authorized for a covered repair. Service performed without prior authorization will not be paid.** You are obligated to pay the service fee or the actual cost to repair and/or replace, whichever is less, for each separate service call. A service call means each visit by a service contractor for a single service (plumbing, electrical, appliances, heating and air conditioning and pools/spas). The service fee is due when the service contractor arrives at the home. You may not place a new request for service when any previous service fee is outstanding. Certain non-covered costs, such as permits and haul away of old equipment, may be covered for the buyer when the Supreme Protection option is purchased. Any additional work performed by the service contractor, at your request, will be at your sole cost and risk.

5. You have a happily serviced home.

NEW

What is the 2-10 HBW Service Guarantee?

You will not be charged a new service fee if the same part that was serviced by 2-10 HBW fails again within the term of the Service Agreement. Service performed within the last 30 days of the Service Agreement will be guaranteed for 30 days.
